CALLING ALL JEWISH STUDENTS IN YEAR 10-13

Welcome to Young Social Enterprise (YSE)!

Inspired by the Chief Rabbi's Ben Azzai programme, YSE is your opportunity to **develop your own sustainable project** and compete against other **students across the country for £500**.

YSE is in partnership with Tzedek, a Jewish charity which engages the UK Jewish community in global social responsibility while simultaneously reducing extreme poverty in Ghana and India.

Signing Up:

Form a group of 2-5.

Choose a Group Leader to act as the main point of contact.

Fill in our simple sign-up form on our website:

www.yse-comp.com

The Three Rounds:

Round 1: Project Proposal Form: Brainstorm a sustainable project proposal in response to a scenario that represents challenges in the developing world.

Round 2: Video Submission: Create a video to provide further information about your project.

Round 3: Final Pitch: The Top 5 Groups will present their project to a panel of experts, including the Chief Rabbi.

Note: we will provide educational resources and guidance throughout the competition to support you through each round!

Why should I take part?

Compete against Jewish students across the country, whilst developing many **transferable skills** including teamwork, time management and independent research.

As a **prestigious competition**, officially endorsed by the Chief Rabbi, this competition will look very attractive on university, job or Head Boy/Girl applications.

Learn about **sustainable** and **cost-effective** ways to combat some of the challenges faced in the developing world.

Learn about the importance of **global social responsibility** within **Judaism** in an insightful and interactive way.

The Prizes:

Winning group: £500 and a formal conversation with experts and partners regarding the project.

Top 3 groups: Work experience opportunity with Tzedek.

Finalists: Receive an award from the Chief Rabbi.

All participants: A certificate of recognition.
